

Dry Cabinet with Small Footprint 302 Series

Dry cabinet with a small footprint

XDry Competitively Priced Dry Cabinets

Twice as tall as our smallest unit and equipped with 2 doors and 7 standard shelves on adjustable 3" centers, this 122 cm (48") tall dry cabinet maximizes storage space in a small footprint. The 302 Series is ideal for installation directly beside production equipment or in rework areas as well as laboratory environments. Additional shelves can always be added. Cabinet can be placed on casters to make it easily repositioned.

302 Series
